DOINGS OF PARLIAMENT.

Insolvency Legislation.—Railway Charter Revived.—Preservation of Northwest Game and Other Important Matters.

OTTAWA, May 2.—In the commons today Mr. Mr. Daly introduced a bill to repeal the homestead redemption act in the Northwest, explaining that the Territorial assembly had exceeded its powers by passing an ordinance relating to homestead exemptions and that his bill was necessary to make the provisions of that ordinance valid.

THE INSOLVENCY ACT.
The Senate Committee has unanimously adopted the following resolution: "That no insolvency legislation will be acceptable that does not substantially secure to creditors the right to say who shall be liquidator or assignee of the estate in all cases." Farmers and Graziers, etc. are placed on exactly the same footing as traders; that is, a creditor may force a farmer into insolvency. Bowell said the change which was a vital one might jeopardize the entire bill and he would refer it to the Cabinet.

BRANDON AND SOUTHWESTERN RAILWAY.
On application of D. H. Purden, on behalf of the Brandon and Southwestern Railway, Davin has secured the passage of a bill reviving the charter. If the railway is not commenced and fifteen per cent. on amount of the capital stock not expended within one year and undertaking completed within three years from 1st of April next, the charter will lapse.

DOMINION GAS AND ELECTRIC COMPANY.
Boyd's bill to incorporate the Dominion Gas and Electric company has passed the private bills committee. The company will operate between Port Arthur and Calgary.

PRESERVATION OF GAME.
An important measure for the preservation of game in the unorganized portions of the Territories and Keewatin has been introduced. Buffalo and bison are not to be killed or taken for a period of five years from the passing of the act. A close season is to be established for musk oxen, elk, moose, caribou, deer, moose in sheep and goats, mink, fishers and martens, otter, beaver, muskrats, grouse, partridges, pheasants, prairie chickens, wild swans, ducks and geese. Scientists visiting the country, or those who are the inhabitants of the country to which the act applies, may take any of these birds and beasts mentioned. Heavy penalties will be imposed for contravening the law. Any person making a contract with an Indian to kill game will be subjected to penalties, and the act will be enforced by game guardians, to be appointed by the Governor-in-Council.

ESTABLISHING CREAMERIES.
Prof. Robertson leaves for Manitoba and the Territories in a few weeks to look over the ground preparatory to establishing a system of creameries. He will visit the creamery now in operation at Moose Jaw, N. W. T., with a view to taking it over as a government experimental creamery.

THE ITALIAN MURDERERS.
The Minister of Justice has not reached a decision regarding the petitions asking for the commutation of the death sentence passed upon the two Italian found guilty of murder at Grenfell, Assa.

OTTAWA, May 1.—Thirty of the hardest of the ponies found in the Northwest have arrived in this city, consigned to members of the Ottawa Polo Club. The club was organized about two months ago and has a membership of twenty. General Herbert is president, Julius Lay, secretary, Hayter Reid and A. Adamson, committee. They will be put out to graze for a few weeks before being used by the members of the club in playing their game.

Sacred Concert.

A sacred musical concert was held in the Methodist church on Wednesday evening at which there was a fairly large attendance. The programme contained several difficult numbers but most of them were rendered with good taste and correct expression. Some of the part songs and choruses were spoiled by harshness in the bass which destroyed the effect of the shading. The articulation of a few of the performers would stand considerable improvement. Mrs. Might's song "The Holy City" was probably the best on the programme. Solos by Mesdames Bogue and White and the piano solo by Mrs. Stacey are worthy of special praise. The following is the programme:

Chorus "For God so loved the world"
Song Mrs. A. Wilcox "After"
Duet "Hymn of the Moravian Nuns"
Mesdames Neeland and Layock "The Ploughman's Lament"
Song Mrs. H. Might "Committed to the Lord"
Rev. E. B. Stacey "Flowerland"
Quartet Mesdames Bogue and Annable and Mesdames Spicer and Colling
Song W. J. Battell "Selected"
Piano Solo "One Sweetly Solennely Play"
Chorus "The Holy City"
Duet "The Ploughman's Lament"
Song Mrs. Bogue "To the Forest"
Male Quartette "Good-bye"
Mesdames Spicer, Bate, Battell and Colling
Song Mrs. Might "The Holy City"
Duet Mrs. Bogue and Mr. Colling "Albion"
Chorus "Only Remembered"

THE BUCHANAN CASE.

Equal to a resurrection—Almost helpless from kidney disease—A burden to himself and his friends—Dodd's Kidney Pills cured him.

CHATHAM, April 30.—The story of Sherman Buchanan, living near Leamington, is worthy of notice. He says he was almost helpless, bloated and a wreck with kidney disease. His digestive organs were powerless and he was rapidly becoming a burden to himself and his friends. Naturally he lost all hopes of recovery, but a happy thought suggested Dodd's Kidney Pills and they cured him. Dodd's was the first kidney remedy in pill form ever offered to the public. Its wonderful success in curing all forms of kidney disease has led to the introduction of numerous cheap and worthless imitations. Purchasers, for their own safety, should insist on getting Dodd's Kidney Pills. Sold in large boxes; price, 50 cents or six boxes for \$2.50. To be had of all dealers.

Yankee Half Cents.

New York, April 28.—Most of the employees in the sub-treasury were hating in arms when the government was coining the copper half cents which were called in with the "red cents" in 1857. The clerks in the redemption department were at sea yesterday when a consignment of the half cents—106,000 of the coins—was received from a Connecticut bank for redemption. As the half cent weighed eighty-four grains, 106,000 of them weigh 1,542 pounds. It turned out that an old farmer in Connecticut hoarded \$3,000 and buried it in an arbor. His executors were in the treasury the other day, and the U. S. treasury department is to be asked to redeem the half cents which formed part of it. Visitors at the sub-treasury helped redeem them yesterday to the extent of a couple worth apiece. The market value of the half cent as a curio is likely to be depressed by the unexpected large visible supply. The total coinage of half cents from 1793 to 1856 inclusive was in value \$39,926.11, or in number 7,985,222.

A GREAT SEND-OFF.

Reception to Inspector Calder on the Occasion of his Departure—A Brilliant Assemblage and a Pleasant Evening.

When Principal Calder's appointment to the position of public school Inspector was officially announced a large number of his friends organized for the purpose of giving him a send-off that would demonstrate to him the esteem in which they held him. It was wisely decided that the affair should take the shape of an "At Home." Accordingly an energetic committee consisting of Messrs. J. H. Ross, M. L. A. A. Hitchcock, O. Field, Dr. Tarnish, W. Grayson, T. W. Robinson, W. B. Bate, and H. Ferguson was appointed. Invitations were immediately sent out for Friday evening. The committee made their arrangements with great care and the management could not have been in better hands. All of yesterday was spent in decorating the town hall. The ceiling was festooned with white and blue hunting and was further decorated with Chinese lanterns. A commodious dressing room was partitioned off on one side of the stage. The body of the hall was tastefully arranged in conversational style. Handsome reclining chairs were furnished and every facility for games of various sorts was provided. A special feature of the decorations was a handsome display of house plants kindly loaned for the occasion.

About one hundred and seventy-five persons assembled to do Inspector Calder honor. The services of Mr. W. G. A. Ball were engaged and musical selections were played at intervals throughout the entire evening. Messrs. Wilkins, Hubbell Lang and Mr. and Mrs. Rollo contributed to the musical portion of the programme. Mr. Wilkins played several pianoforte selections in his usual brilliant style. Mr. Hubbell sang with good taste "Jessie's Dream" and "They all Love Jack." Mr. Lang sang "Off to Philadelphia," "Up to Date," and "True till Death." Mr. and Mrs. Rollo gave "Huntingtower" charmingly. Mr. Ball sang "Love's Old Sweet Song" and Mrs. Rollo, "Robin Adair."

About twenty-three o'clock the Hon. James H. Ross briefly addressed the assemblage. In a few well chosen words he expressed the regret of the community at losing so valued a citizen as Mr. Calder. He pointed out that several prominent public men had received their promotion while citizens of Moose Jaw, and instanced Rev. S. J. Taylor and Inspector Rothwell. He made a passing reference to the fact that Rev. W. L. Clay, pastor of the Presbyterian church, would leave shortly to take charge of a large and wealthy congregation in Victoria. Mr. Ross spoke in pleasing terms of the many good qualities possessed by the new Inspector and called upon those present to rise and sing "He's a Jolly Good Fellow," which, needless to say, was done with gusto.

Mr. Calder replied briefly. He thanked the people for their presence and for the manner in which they received the news of his appointment. He referred to his three years' sojourn in Moose Jaw as the pleasantest years of his life and a period in which he had made many close friendships. In closing, he said he would always cherish kindly feelings towards Moose Jaw and her citizens and sat down amid loud and prolonged applause.

The room was now cleared and dancing commenced and was kept up until an early hour this morning.

WHERE LIES THE BLAME?

There are many things in our social,
economic and political practices that
are unfair, unjust and dishonest. It is
equally true that there are many good
things that we as a people are improv-
ing socially, morally and politically.
The habit of exaggerating all that is
evil and overlooking all that is good so
freely indulged in by over zealous re-
formers, is one of the chief obstacles in
the way of improvement.

It is a serious mistake for elected,
selected or self-instituted leaders of any
organization, social, political or re-
ligious, to seek by misrepresentation to
excite antagonism to any system, it
discounts the truth and weakens the
force of all real and substantial argu-
ments.

The domination of self-seeking, cor-
rupt and vicious men in municipal
affairs is an acknowledged evil, that all
true citizens should seek to correct by
taking the control of affairs into their
own hands. The clean, honest, church-
going, order-loving, law abiding, intelli-
gent citizens, owe to themselves and to
society a political duty that is too often
neglected. The excuse that politics is
unclean, demoralizing, degrading, un-
christian, is not a valid one. If it were
true that all politicians were corrupt
and dishonest, then would it be true
that all Christians were false to their
duty as citizens and Christians. For
the unhealthy conditions of politics to
day the good citizen who lifts his
hands in horror at the mention of
politics is equally responsible with the
"heel" who gets out and hustles for
control. When the Christian gentleman
from motives of patriotism and Chris-
tian duty, is willing to exercise his
"citizenship" as vigorously as the "cor-
rupt politician" does, he will be able to
correct some of the evils in our political
system.

A WORD TO CORRESPONDENTS.

THE TIMES has throughout the dis-
trict many correspondents whose week-
ly budgets of news are welcomed alike
by its editor as by its readers, and so
heartily has been the service of these
correspondents in keeping the public
informed of the doings in various parts
that we feel sure that a little kind
counsel "just among ourselves" will be
taken in the spirit in which it is given.

In the first place what we want—
what all the large newspapers are each
expending daily, what to us would be
a small fortune upon—is NEWS. If
John Smith gave a party at his house
the other night, tell us all about it. And
if Mary Smith (John's churning and
accomplished daughter—mind you)
helped to entertain her father's guests
by playing several selections upon the
piano—say so. John will like it and
so will Mary. If William Jones pur-
chased a carriage horse, a top buggy,

or a farm; or got married, or broke
his leg or did any one of the thousand
ridiculous things people are daily doing
—say so. As long as it is said kindly
and truthfully, not cruelly or sneering-
ly, William will like it and so will "his
sisters and his cousins and his aunts."
But give over—oh, give over this sense-
less practice of using the power given
you as correspondents to "get back" at
some one by making some petty, misera-
ble, mean reference to him as "A.B." or
"P.Q." and vaguely hinting at some-
thing that probably not five persons
understand.

Let us suppose that a young man in
your neighborhood is making love to a
young lady—Well, he is simply per-
forming one of the most important and
imperative moral obligations that is
laid upon every healthy young man
over the age of twenty-four years, that
is: *To make love to somebody's daughter!*
Now is it not sufficient that he has to
stand the twitting of his intimate
friends and the roasting of case harden-
ed bachelors that haven't the teeth
part of his moral courage, without
slipping into your correspondence some
stinging little skit about him and the
object of his affections? We have been
there and know how it feels.

Whenever you have singled out an
individual to whom you are going to
give newspaper notoriety, say some-
thing good about him, and never say
anything mean or spiteful. It doesn't
pay.

"For whatever men say in their blind
rags,
And spite of the fancies of youth,
There is nothing so kingly as kindness,
And nothing so royal as truth."

FROM JEST TO EARNEST.

Up to this point the Coxey move-
ment has been a farce. The public
interest has been whetted to the utter-
most by the reports of correspondents,
and the result has been that the tramp
aggregation has been puffed up in its
own estimation, and has been reinforced
with recruits from nearly every state
in the Union. Coxey bands have
sprung up from the ground in district
after district, until they have grown
arrogant in their sense of power. Kelly
and Coxey, the leaders of the two
most prominent bands, have been peace-
ful in their aims and methods. But
the Montana aggregation is not of that
kind. Composed of lawless cowboys
and miners, used to Colt revolvers and
bad whiskey, the Butte Coxeyites are
as desperate a gang as the government
ever had to deal with.

It is evident that the Coxey move-
ment has gone far enough. When the
time comes that armed physical force
takes possession of private property
and resists the law and government
with navy revolvers and locomotive
battering rams, it is time that the
public become serious. There are now
on strike 150,000 coal miners and a
large force of railroad hands. These
strikes tend to swell the ranks of the
Coxeyites. There are now a good many
thousands of the organized tramp army
on their way to Washington, and with
warm weather and the strike epidemic
to encourage and strengthen the move-
ment, it threatens to be a serious
menace, both to life and property on
the way and the peace of the national
capital.

There is nothing for it but the au-
thorities to meet every act of lawless-
ness with its prompt lawful deserts
whenever and wherever such act takes
place. The country cannot afford to
laugh at such acts any longer. Many
of those in the Coxey movement are
better than the average tramp. But
soon, it not now, the dominant element
in the armies that are pushing to Wash-
ington will be the old professional
tramp, with reinforcements from desper-
ate characters in every rank of life,
Highway robbers, train robbers, bur-
glars, pickpockets, incendiaries and mur-

derers will see in the organized Coxey
armies the opportunity of a lifetime to
pursue their criminal calling with
impunity. The Coxey foolishness can-
not safely be allowed to mature into a
revolution against law and order,
against life and property. The move-
ment threatens to turn from jest to
earnest, and organized society must do
the same. It is easier, more effectual
and cheaper to meet the issue now than
later.

EDITORIAL NOTES.

A new Atlantic cable is being laid
by the Commercial Cable Co. between
Waterford, Ireland, and Nova Scotia.
It will be two thousand miles long, and
guaranteed to afford thirty-three and
one-third per cent. improvement in
speed over the other cables in use by
the Commercial Company. It is larger
than any ocean cable hitherto laid,
and will ensure transmission at the rate
of thirty words a minute. Strong pro-
tecting armor has been provided for the
Nova Scotia end, to prevent damage
from the anchors of fishing vessels.

The captain of the new United States
cruiser New York, the pride of the
navy, has submitted a report of the
condition of the vessel which has de-
cided the navy department to build no
more turret ships for the present. Ow-
ing to "peculiarities of construction" the
compartment valves cannot be op-
ened without imperiling the ship.
The turrets will not revolve. The am-
munition hoist is defective and the
magazine is placed so near the furnaces
that there is a danger of an explosion
which would destroy the ship every
time the fires are lighted. Theoretical
shipbuilding is one of the mistakes of
modern naval architecture.

Dr. Joseph Charles Tache, late De-
puty Minister of Agriculture, died at
the Water Street Hospital, Ottawa,
recently. Dr. Tache represented Ri-
mouski for ten years in the Canadian
Legislature, and afterward edited La
Courrier du Canada, at Quebec. Arch-
bishop Tache of St. Boniface is a
brother of the deceased, and the late
Sir Etienne Tache, at one time Premier
of Canada, was his cousin. Dr. Tache's
death was preceded by a tedious illness
of many years, the result of a fall
while coming down the steps of the
Parliament Buildings. The deceased was
highly esteemed by all who knew him
and had many friends among the poor,
whom he had always liberally helped.

The June Delineator.

The Delineator for June is called the
"Summer Number," and is a superb
issue in every respect, the amount of
practical and interesting reading mat-
ter being largely increased. The article
in the College Series describes A Girl's
Life and Work at Smith, and is written
by a recent and brilliant graduate.
There is also a very suggestive and
entertaining paper on A Grammar-
School Commencement. Nursing as
an Employment for Women is ably
treated by Louise Darche, Superin-
tendent of the New York City Train-
ing School for Nurses. An appropriate
"pattern" article, in addition to the reg-
ular monthly issue, is on Dress for
Summer Sports; and another, equally
suitable to the time, gives information
on Trunks and Trunk Packing. The
opening chapter on Vocal Culture, by
the author of *DeSarte Physical Cul-*
ture, begins in this number, and should
prove as beneficial as the series just
closed. The papers on Hygienic Living
are continued; and the confidence that
should exist between Mother and
Daughter is the theme of the article
bearing that title. A Rosebud party
is described, and other contributions
are: How to Serve Small Fruits,
Daintiness in the Home, the ever-popu-
lar Tea Table Gossip, and among the
Newest Books. The articles on Knit-
ting, Tatting, Netting and Crocheting
show many original and attractive
designs. The subscription price of the
Delineator is \$1.00 a year. Single
Copies, 15 cents. Address orders to

The Boundary Commission.

The Victoria correspondent of the
Free Press gives an account of the
leave-taking of the Alaskan Boundary

Commission. They left Victoria on
the Thistle bound for Fort Wrangel.
Speaking of the staff the correspondent
says: "In selecting Mr. J. A. Blake
for a second term as chief steward of
the expedition, Mr. King made a hap-
py choice. The record Mr. Blake made
for himself last season as a caterer, and
the splendid physical condition in
which he brought back all the mem-
bers of the party when the season's
work was done, speaks highly for his
skill in the gastronomical department."

A regular meeting of the council of the Board of Trade was held on Thursday, W. W. Bole, president, in the chair. The secretary was verbally instructed as follows:

"As at the citizens meeting, our president was named a delegate to wait on Mr. Van Horne, that this council therefore appoint Mr. Bole to lay the matter of a new station before Mr. Van Horne in accordance with the resolution passed at the meeting of the council held on April 5th, 1894.

Moved by Hamilton Lang, seconded by T. B. Baker, that as a great many of the electric wires are not properly insulated where they pass through buildings and that in Winnipeg several serious fires have resulted from this cause, and that lately in Moose Jaw several wires have burnt out, and also that on Main Street north some of the wires are within five feet of the ground in several places uncovered, the secretary be instructed to call the attention of the Town Council to the matter and that a copy of this motion be forwarded to the council. Carried.

Moved by H. McDougall, seconded by T. B. Baker, that on account of public fires occurring so frequently and attended with such disastrous results that a card be inserted in the Moose Jaw Times requesting all parties who are cognizant of the origin of a prairie fire to make a declaration before a J. P. setting forth the facts of the case fully and that the J. P. make a return of such declaration to the council. Carried.

Moved by J. E. Annable, seconded by T. B. Baker, that Messrs. Green and Lang be empowered to wait on the members of the Board of Trade to make an assessment of 50c. each. Carried.

Dr. P. F. Size, Dentist, is not giving up his practice at Moose Jaw as reported nor does he intend doing so. See Advt. Prices as low as any in the Territories and workmanship unexcelled. 45b

An Important Promotion. Master Mechanic Cross has been promoted to the Montreal shops and leaves shortly for the east.

NOTICE. The person who borrowed a copy of Washington Irving's "Tales of a Traveller" will please return the same to the TIMES Office. t.f.

Territorial Exhibition. A public meeting has been called at Regina to discuss the question of a Territorial exhibition in 1895. At the last meeting of the town council at the capital a plan of the buildings was shown by the mayor.

Negotiable Post Office Orders. Post office orders are to be made negotiable like a bank cheque by the introduction of the name of the payee. The new forms will be sent out as soon as the old ones are used up.

Heart disease relieved in thirty minutes.—All cases of organic or sympathetic heart disease relieved in 30 minutes and quickly cured, by Dr. Agnew's Cure for the Heart. One dose convinces. Sold by W. W. Bole.

The strike on the Great Northern is at an end. The trouble was settled by arbitration. The following was the finding of the arbiters: "Whereas, at a joint meeting held this day between the management of the Great Northern Railway, its employees, and the committee of arbitration, at least 90 per cent. of the differences in wages in controversy were amicably settled between the company and its employees. Now, after hearing the statements submitted by the parties interested, we find, as a result of our deliberations, that 75 per cent. of the reduction in wages made since August, 1893, of all the classes of men whose claims were submitted to us, should be restored." Trains are now running.

Relief in Six Hours.—Distressing Kidney and Bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great cure and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. W. Bole.

A Quick Trip. Dr. Turnbull had a flying trip to Swift Current yesterday having been called to attend Mrs. Frank Goodwin, who was dangerously ill. A locomotive and caboose was chartered by Mr. Goodwin and left at 9:50 in charge of Conductor Vance and Engineer McLeod. The run of 112 miles was made in three hours.

Plague of Locusts. A dispatch from York State yesterday states that the seventeen years locusts appeared there by thousands, coming up through holes in the ground, varying from one to three feet in depth. They are like those which appeared in 1877. Large numbers have been discovered in Illinois and Missouri within the last few days.

Honor for Lt.-Gov. Schultz. At the closing exercises of the Queen's University in Kingston last Wednesday His Honor Lieut.-Gov. Schultz received the degree of LL.D. along with Lord Aberdeen and several other prominent men of Canada. His Honor was not present but the degree was conferred upon him in his absence. The graduating class in arts this year from the University was the largest on record numbering forty-seven.

Teacher's Institute. Superintendent D. J. Goggin will conduct a Teacher's Institute in this town on Friday and Saturday, May 18 and 19. He will address teachers on History, Composition, Literature and Primary reading, speaking about an hour on each subject. On Friday evening Mr. Goggin will address a public meeting on "Morals in the Public Schools." It is hoped that the public will manifest their interest in educational affairs by a large attendance.

Ice Cream Parlors Opened. Mr. Thos. Healey gave a pleasant hop last evening on the occasion of the opening of his ice cream parlors. The following were among the guests: Mr. and Mrs. Robinson, Mr. and Mrs. Richards, Mr. and Mrs. Furniss, Mr. and Mrs. Hyland, Mrs. and Misses Tapley, Misses Scott, McCarter, Ostrander, Stevenson, Martin, Dickson, Gilmour, McCallum, Matheson, Morrison, Jackson and White. NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for iron, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining shall not exceed 100 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations in that behalf, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for during the period of one year. The entry will be renewed from year to year provided the sum of one hundred dollars at least has been expended in actual mining operations on the claim within each and every year.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a homestead claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior.
Department of the Interior,
Ottawa, July 1890. 2c.

North West Territories.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have not been homesteaded, reserved to provide wood lots for settlers, or for other purposes, may be homesteaded by any person who is sole head of a family, or any male over sixteen years of age, to the extent of one quarter section of 166 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the District, or the land may be taken in situ, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive an authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and counselling expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in the following way, namely: by three persons, inspection and registration, which each party may not do separately, or by one person in any one year.

RENT

may be made at the end of the third year, before the local agent of the homesteaded land. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so. When, for convenience of the settler, application for patent is made before a homesteaded inspector, a fee of \$5 is chargeable.

INFORMATION.

Newly arrived immigrants will receive at any Dominion Lands Office in Manitoba or the North-West Territories information as to the lands that are open for entry, and from the officers in charge, of the expense, advice and assistance in settling lands to them; and full information respecting the land, timber, coal or mineral lands, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior (Immigration Branch) Ottawa; the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.
